## Taking Care of Our Dogs

Dogs are our friends, our helpers and our ancestors. Just like us, they need food, water, shelter, and love to stay happy and healthy. Some dogs live in our homes, while others live as part of our community. Whether they're pets or community dogs, it's important that we take care of them with kindness and respect. In this coloring book, you'll learn that dogs need safe places to stay, how to be gentle and respectful when you meet a dog, and what you can do to help our dogs stay safe and healthy. As you color the pictures, think about the ways you can be a friend to the dogs in your community— they need our help to feel loved and cared for!
